IT grazie a questi moduli pre-assemblati di o-profili con connettori, le creazioni ed il montaggio di una struttura base soistes sono davvero semplici e veloci: basta scegliere l'altezza e la larghezza desiderata e il tipo di angolare in alto (frame A: terminale ad angolo retto e frame B: a traversa).

DE mit diesen bereits abgelängten und mit verbindern vormontierten profil-O-modulen ist der aufbau der soistes grundstruktur ganz unkompliziert: einfach gewünschte höhe und breite sowie art des oberen eck-abschlusses (frame A überstehend, frame B bündig) auswählen.

EN with these pre-cut extrusion modules and with connectors pre-assembled, the set up of the soistes basic structure is really convenient and easy: just choose the required height and width and which kind of corner connection (frame A overlying, frame B flush).
